Z WAVE DIGITAL HOME PROJECT
Boas tardes!
Our role in the project:
Our role in the project: Energy efficiency
What has been done so far?
What has been done so far?

Three panels have been built, representing three different rooms in our house.
Z WAVE DIGITAL HOME PROJECT

ERASMUS PROJECT 2017-1-ES01-KA202-038313
Z WAVE DIGITAL HOME PROJECT
ERASMUS PROJECT 2017-1-ES01-KA202-038313

Co-funded by the Erasmus+ Programme of the European Union
Each panel has a number of appliances and sensors.
How are these panels controlled?
How are these panels controlled?

Remotely, via a website or a mobile phone application
Has this been embedded in the educational process?
Has this been embedded in the educational process?

It definitely has!
Has this been embedded in the educational process?

It is being used as a teaching method in the respective parts of our curriculum
Has this been embedded in the educational process?

Three didactic units have been produced, in pdf accessible via QR code and video.
How did it go?
How did it go?

Very well indeed!
How did it go?

The students loved working on it, especially the remote controlling!
How did it go?

Everything is so easier to teach when there is a practical goal involved.
How did it go?

Unexpected result:
http vs https
We do believe that the experience our students got in this project will be a valuable asset for them in the future.
Any other results?
Any other results?

In times that are quite hard for Europe, such projects play a vital role in strengthening the ties between the partners.
Any other results?

We all realized that we share similar problems, worries, hopes, ambitions.
Any other results?

The project has really helped us to realize even better that we are after all, perhaps even above all, European citizens.
Any other results?

For anyone believing in the European idea, that is invaluable!
It would be a big oversight on our part not to mention the wonderful cooperation we have had with our Galician partners.
Moitas grazas pola sua atencion!
